HEROES' ROLL

67 STARS ARE ON CHRISTIAN CHURCH SERVICE FLAG

ONE HAS TURNED TO GOLD

Feature of Dedication Service Last Nigth Was Responses of Parents and Friends.

Sixty-seven stars with one turned to gold are on the new service flag of the First Christian church.

A beautiful new emblem, presented by the women of the church, was dedicated by the congregation at last night's service with an appropriate program. Patriotic songs, and numbers by Mrs. Gretchen Myers Coen and Mr. H. J. Becker were features of the service.

The most interesting part of the dedication was responses by parents and friends of those in service and in several instances by the men themselves. The roll call was a brief summary of service, together with the present location of those still remaining. One response that brought applause came when Mrs. Nancy J. Sells answered for her son Bryan Sells. Bryan, one of Maryville's youngest soldiers, has seen ten months continuous service in the front line trenches and is now in an eastern camp.

A number of responses gave information of wounded men in hospitals in France and America. A golden star in the center of the flag is in memory of the only member who made the supreme safrifice—Ellison Frank, son of Mr. and Mrs. J. D. Frank, whose death occurred at Waco, Texas.

B[illegible]s the dedication of the new fla[illegible] audience that filled the audi[illegible]rd the f[illegible]ll address of [illegible]merson Miller who leaves this [illegible]ake the pastorate of the First [illegible]n church at St. Louis.

e new flag bears the names of the llowing men of the congregation who vere in service:

AY OFF $6000 SCHOOL BONDS

13,000 of Original Issue Remains o Be Paid—Final Payment in Two Years Planned.

The school board at a meeting held Saturday night paid off $6,000 of bonds of the original issue of $75,000 issued in 1908. The bonds were destroyed this morning. Only $13,000 remains to be paid and they have five years yet to run. The school board expects to have enough within two years to take these up if the bondholders will consent.

ONLY 42 LEFT IN HIS COMPANY.

Roy Yeaman, in Tank Corps, Writes From LePailly, France.

In a letter to his parents Roy A. Yeaman of Graham, now with the tank corps in France, writes from LePailly as follows:

"Everything is going fine, only the weather has taken a sudden change and the ground is covered with about four inches of snow and the mercury is down to zero. I never told you what kind of a place we had to live in. We were in a camp called Camp Chamberlain—we called it Camp Mud. They built barracks in the middle of a big plowed field located in a valley between two big hills; the mud when we left there was half knee deep. We were moved out not long ago to our present quarters which are in a large roomy hay loft that was built in Napoleon's time. There are plenty of cracks in the floor, but, thank God, the roof nor sides dont leak, for the building is of slate and stone. My partner and I have a feather bed made of hay raked up in a pile about a foot thick; no fire near nor none allowed in the quarters; we have to sleep with windows and doors open all night. But we have plenty of blankets—six of them—and we sleep warm. Dont know how long we will be here but expect by the time this reaches you we will be on our way somewhere—it may be for the States and it may be Germany. Here's hoping it is the former, for I am getting tired of this stuff. We do practically nothing as there are only forty-two left in the company, the others being either in the hospital, the grave, or have been sent to other parts. I cant understand why I have not received my Chrstmas boxes or any more letters than I have—guess I am out of luck on everything—even the pay roll passed me by again this month. I guess all the boys in the state camps are at home by this time taking it easy; they dont know what a hard life in the army means. After they are over a little while they realize that camp life in the States is heaven. If Ross ever gets back he can tell you some of the terrors of France. I can tell you enough, but he had it on me about six or seven months, also about the famous doings of the pest camps and the Y. M. C. A. You have read about them. Just wait until I get back and I will give you the straight dope on them.

We are only seven miles from the town of Langres where President Wilson received 10,000 troops on Christmas day. I was in the parade and got to see our chief executive; we drove in five ton work trucks. Tell grandma I am coming home with more war tales than were ever told about the Civil war.

December 29.—I received a Christmas box yesterday from Kansas City. They sent a fountain pen, a comfort kit and some candy. Haven't received your package yet. We are going up close to the front to bring back some trucks and supplies. I may get to see quite a bit of this country. A little bit of this kind of life is all right, but too much gets monotonous, and I've had a plenty. Charley Hoshor is about as anxious to get home as any one.

Cared for Town Clock Fifty Years.

In Bucyrus, Ohio, care of the town clock recently passed out of the hands of the Kehrer family, which has had it for more than fifty years, when George J. Kehrer, Jr., was taken ill and had to delegate his task to the courthouse janitor.

About twenty years ago the elder Kehrer died, after tending the clock for thirty years, and the clock stopped. For a month a stranger struggled with it, but it would not run more than forty-eight hours consecutively. Then the son took the care of it and ever since the townspeople have set their watches by it.

Mr. and Mrs. Robert Shelton were in the city Friday and left over the Burlington for Wray, Colo., where they expect to make their home in the future.

A CALL TO ACTION

REV. MILLER, IN FAREWELL SERMON POINTS OPPORTUNITY

THE CHURCH MUST SERVE

Returning Soldiers Will Not Be Content With Present Programs, Pastor Points Out.

"The main object of this church and other churches is to go out and drag people in, in order that a larger budget may be had for the next year and that a larger membership may be had. What would be more to their advantage would be to drag out a few members that the church might enter into the things that Christ has taught us are the things worth while, instead of being satisfied with things as they are." This was the statement last night of Rev. C. Emerson Miller, pastor of the First Christian church, in his farewell sermon, prior to going to St. Louis where he has accepted the pastorate of the First Christian church there. A crowd that filled the auditorium heard his sermon on "Service." Mr. Miller said in part:

"I am glad to have had the honor and privilege of dedicating that service flag. I am glad they called it 'service.' As our men have learned what service means, so the church must learn it. It must get a broader vision of the immediate future. What are the churches of Maryville planning—anything worth while?

The men we have sent to service and who have been through hell itself are coming back with a clearer idea of what sacrifice means and will demand bigger and better things. They will not be satisfied to come and hear your psalm singing. They will not be content with your five cent programs.

"The church must awake to the things that are going to be the big things of the future, and of the opportunity for service—not the kind of service that has characterized it in the past but of service for the community.

"Don't delude yourself with the idea that attendance at church and paying what you are called on to pay, and being good will gain you admittance through the pearly gates. Christ taught that service—sacrifice—was an essential, and unless you have done these you may hear the words: 'Depart from me, I know ye not.'

"Are we so soon to forget the price that has been paid for victory? Are we going to be satisfied, now that the struggle is over? The churches of Maryville should get together and work together for a memorial that will typify the heroic deeds of our boys and that will be a center of community interest and work in which all may have a part and take a pride. We must sacrifice our old self-satisfied feeling and plan a program of service that will make the church what Christ intended and taught it should be."

EX-KAISER STILL HAS HOPES

Celebration of Former Emperor's Birthday Brings Announcement He Will Return to Potsdam.

London, Jan. 27.—Following a quiet celebration of the ex-Kaiser's sixtieth birthday at Amerongen castle, the former German emperor will return to Potsdam "as a result of the success of the ex-Kaiser's faithful few in the recent German elections," said an Amsterdam dispatch today. Speculation is rife as to whether the former Kaiserin, who still cherishes hopes that her eldest grandson may resume imperial crown, is returning as the ex-Kaiser's courier to tell the "faithful few" not to despair for the Hohenzollerns as the "body is not dead even if the head has been sacrificed," the dispatch added. It is pointed out that the ex-Kaiserin is a keen politician but probably one of the worst advisers the former emperor ever had. The ex-Kaiser was born January 27, 1859.

IN THE EARLY DAYS

FIRST M.E. CONGREGATION HEARS INTERESTING LETTER

C. H. STOCKING WRITES

Church's First Pastor Recalls Events of Fifty Years Ago When There Were But 41 Members.

An interesting service at the First M. E. church yesterday morning included the reading of a letter from Chas. H. Stocking, D. D., of Wickliffe, Ohio, the church's first pastor fifty years ago, in which he gave some details of the early days not before published. The letter follows:

Wickliffe, O., Jan. 21, A. D. 1919.

Dear Brother Pastor: Just fifty years ago, January 22nd, A. D. 1869, the Methodist Episcopal church at Maryville was made a station, and your humble servant preached his first sermon in it as its pastor. There were forty-one members, and the church building was under a mortgage of $4000 owned by a saloon-keepe in the town. Also the trustees had borrowed an additional $2000 school money from the county. Serving them under the appointment of the Presiding Elder, the Rev. John T. Boyle, from January 22nd until the conference in March, I was re-appointed by Bishop Jaynes, and continued one year, during which time, aided by the circuit preacher, Brother Morton, the mortgage was lifted; also about one hundred members were added to the church.

From Maryville, in 1870, I was sent to the First church in St. Joseph to raise a mortgage of $10,000, under which that church building was being offered for sale. It was a great disappointment in being compelled to leave the good people of Maryville, but then and ever since I have felt in duty bound to take whatever work the authorities of the church under God called upon me to perform. I send you this communication, hoping that thru your kindness I may learn if any of the members of fifty years ago are still living there, or any of the people who knew me in those days,. Please convey my hearty greetings to any such. Most cordially yours,

CHARLES H. STOCKING.

Preceding the sermon E. H. Houchens, one of the minute men of the Centernary Movement campaign, gave a splendid address in which the reason for the movement was shown and the need of support pointed out.

Granted First Papers.

Lewis Kuretsky was today granted his first naturalization papers before Judge Dawson in circuit court. Kuretsky's application yesterday was denied because of lack of valid statement of intention.

David Druskin was also granted first paper. Both men are natives of Vilna, Russia.

18 AMERICAN SOLDIERS KILLED.

Paris, Jan. 25.—Eighteen American soldiers were killed and thirty were injured when an American troop train from Neufchateau collided with a freight train at Manoirs station. Heavy damage was done to the railroad right of way and to the cars. The government requisitioned all the Paris subways, tramways and business today on account of a strike.

Mr. and Mrs. G. F. Clements, south of Maryville, announce the birth of a son, born Sunday morning.

IN CIRCUIT COURT

CHANGE OF VENUE GRANTED IN TWO CRIMINAL CASES

BENGE BOOZE CASE UP

Judge Dawson Withholds Decision—Everett Gunn Pleads Guilty to Larceny and Gets Sentence.

After several attempts to secure trial in cases set for hearing with witnesses being sick in some and changes of venue being asked for in others, little was accomplished in circuit court today.

In the case of the State against Mark Adkins, charged with arson, Judge Dawson was disqualified as trial judge and court clerk H. G. Westfall was instructed to communicate with Judge Arch Davis of Chillicothe to see if his services could be secured.

In the case of the state against Clint Hewitt, charged with the larceny of two hogs, a change of venue was also asked. Whoever may be secured to hear the Adkins case will also hear the Hewitt case.

Everett Gunn, a negro, pleaded guilty to stealing several bushels of corn from J. B. Robinson and was sentenced to serve six months in jail and to pay a fine of $100.

In the case of the state against Frank Benge, charged with violation of the local option law, Judge Dawson announced he would withhold a decision until fuller interpretation of the law might be had. Benge, who is a tenant on the farm of Mike McGettigan north of the city, was arrested by sheriff Dowden last fall charged with having liquor stored on the premises. The booze—some five or six hundred pints, was taken by the sheriff and is now in the vault in his office. Barge's attorney, in presenting the case, together with what evidence was at hand, argued that as the booze was left on the premises without the knowledge or consent of the plaintiff and that he was not liable under the information.

COMMITTED SUICIDE

EDW. FLEMING OF HOPKINS CUTS THOAT WITH KNIFE

DEATH CAME QUICKLY

Young Teamster Is Survived by His Mother and Three Brothers—Funeral Tuesday Afternoon.

Edward Fleming, thirty-six years old, son of Mrs Martha J. Fleming of Hopkins, killed himself this morning about 8:30 o'clock at his mother's home, cutting his throat with a pocket knife, completely severing the juglar vein. Young Fleming who was a teamster, after eating his breakfast, returned to his room and shortly after his mother heard a stifled groan and heard a sound as of a falling body. She rushed up stairs to find her son lying on the floor—life extinct.

Fleming had made suggestions yesterday hinting he would take his life but his mother did not think much about it at that time. He had been a drinking man.

He is survived by his mother and three brothers, C. F. Fleming of Hopkins, and Halleck and Will Fleming of Blanchard, Ia. Funeral services will be held tomorrow afternoon at the home.

Dr. F. C. Wallis, acting coroner, was called to Hopkins to hold an inquest.

The military situation and the actual machinery of demobilization necessitates the retention in service for the present of a considerable number of men, General March stated, relative to the prospect of immediate demobilization.

ROOSEVELT'S FAMOUS RIDE

Travelled 98 Miles on Horseback in 17 Hours to Prove to Critics He Was Fit.

Knoxville, Tenn., Jan. 25.—The story of how Roosevelt rode ninety-eight miles on horseback in seventeen hours ten years ago this month is related by a friend here. The last thirty miles of the journey were made in sleet and rain. When Roosevelt reached the White House his coat and hat were covered with frozen sleet. Four relays of horses were used on the trip, the first and last stages of the journey being made by the President on "Roswell," one of his favorite chargers. President Roosevelt said upon his return that the trip was made to "prove to critics who have found fault with the recent order requiring army and navy officers to take a physical examination that if a President, who is not in training, can ride ninety miles plus in one day, without being put to bed thereby, it is not too much to expect of men who are supposed to be in the best of physical training all the time to ride ninety miles in there days." in less than an hour after his arrival at the White House. Mr. Roosevelt had changed his clothing and appeared in the dining room ready for a hearty meal.

GAME WITH MIDLAND

ATCHISON, KAN., FIVE PLAY THE BEARCATS TOMORROW NIGHT

ANOTHER STAR IS BACK

Cleo (Bill) Richards, Just Out of Navy Will Be on the Firing Line Again Coach Sims Recovering.

Midland College of Atchison, Kansas, will be the opponents of the Normal Bearcats in a basketball game scheduled for tomorrow night. This date was originally held by the Springfield Normal, but that school has canceled its northern swing around the circuit and Midland was secured to fill the vacancy. It will be a non-conference game.

One by one the Normal regulars are returning to school after service in the army or navy. In addition to Miller and McMahon, who were discharged from the S. A. T. C. at the start of the season, and Scarlet, released from the navy last week, the team will have another of last year's stars in Cleo (Bill) Richards, of Guilford, who has just been released from the navy, enrolling in school today.

Richards was recognized as one of the best guards in the conference last year. He is in good condition and will probably be used in the game with Midland tomorrow night.

While in the navy Richards played tackle on the football team of the U. S. S. Indiana, an eleven which at the close of the season was thought to be the best in the fleet.

Placing Richards at his old position of guard further increases the competition for places on the Normal five. Based on previous showing, Miller, Scarlet and Richards may be regarded as fixteures, leaving McMahon, Ham, Egley, Summers, Pickens and others to fight it out for the remaining two Positions.

McMahon, a sensation last year, has been badly off form this season, due to poor health and a broken ankle sustained while in the service. He is now at his home at Fairfax and will not be able to play tomorrow night.

Coach Sims, who has been ill with scarlet fever, has recovered, but is still quarantined at his home.

George Palfreyman will referee the game, which will be called at 8:15.

Raymond Lahr Back in States.

Mrs. Mike Lahr received word Sunday that her son, Raymond Lahr, had arrived in New York that day from France. He expects to be at Camp Dodge in ten days. Raymond has been connected with the 88th division of the Medical Detachment, 339th field artillery.

Red Cross News From Nodaway Auxiliaries

MRS ARTHUR M. CROOKE
Phone, Hanamo 4364

(Note:—Please report or send all news of Red Cross Activities to the editor of this column)

Discharged sailors and soldiers will receive literature of interest by applying to Miss Bettie Turner, executive secretary of the Home Service Section.

There was shipped to the Bureau of Supplies this week 512 sweaters, 68 pairs writlets, 2 helmets, 15 scarfs, 363 pairs socks, making a total of 960 knitted articles.

Also 150 day shirts for hospital use, 90 hospital suits, 33 quilts, 3921 miscellaneous articles, making a total of 4194 articles.

The chapter has shipped to the branches their allotment of Refugee garments which we hope thy will finish at a very early date, as there garments are very much needed. The county's quota is 620. Speed your work.

Graves of American boys in France are being cared for by American girl workers with the American Red Cross. Recently 700 groves at Toul were covered with sheaves of flowers and oak leaves,—wrought by the hands of American girls, and 1,000 more back of the Lorraine front were likewise decorated.

Paris is to have an American Red Cross chapter during peace times. Announcement has just been made here of the creation of a permanent Paris chapter—the first American Red Cross chapter to be established in continental Europe. The American Ambassador to France will be ex-officio president of the chapter.

Red Cross workers at the 700 Canteens that flank the railroad lines of the country from coast to coast are seeing to it that the homeward-bound heroes lack for nothing in the way of comforts and refreshments.

Explaining the Service Stripes.

Some misunderstanding has arisen in regard to the service stripes on the badges for women. The badge with the plain blue ribbon represents six months' continuous service with a minimum of 800 hours. The badge with a ribbon with one stripe represents two units of six month's service with a minimum of 1,600 hours; that with two stripes represents three units of six months' service with a minimum of 2,400 hours. As this service is to be computed only from the date of America's entrance into the war, April 6th, 1917, it is impossible for anyone to receive more than two stripes.

Nursing Survey Reports.

Are you preparing for the fight against disease? That is the next fight. It will need nurses. Have you any? Your Nursing Survey report will show us where they are and whether or not they are able to actively engage in this struggle. If you have none you will have to import them, because the Red Cross in your community is going to buckle on its armor for this health crusade and it will need able leaders to enter the lists against the foe.

To date, of our 650 chapters 275 have failed to register any interest whatever in their nursing resources;110 chapters have completed their survey, Of these 43 had no registrants. Are you interested in saving human life? Finish your survey.

MRS. MAY COULD NOT WORK

Made Well and Strong by Lydia E. Pinkham's Vegetable Compound.

Columbia, Pa.—"I was very weak and run down and had dragging-down pains and pains in my back. I could not get around to do my work and had to sit down and rest often during theday. I saw Lydia E. Pinkham's Vegetable Compound advertised in the papers and read the testimonials, so I thought I would try it. Now I am healthier than I ever was in my life, and can recommend it to any woman who suffers as I did." —Mrs. ELIZABETH MAY, R.F.D. No. 1, Columbia, Pa.

The reason Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and the letters which we are constantly publishing from women in every section of this country prove beyond question the merit of this famous root and herb medicine.

Lawless Says He Was Nearly Down Down and Out When He Began Taking Tanlac.

"When I first began taking Tanlac I only weighed ninety-seven pounds and was just about down and out," said O. D. Lawless, the well known Omaha, Neb., produce merchant, residing at 604 South 28th street, recently, "but I now weigh one hundred and thirty-seven, and so far as my health is concerned, I couldn't ask to feel much better.

"I have not gotten all my lost weight back yet," he continued, "for I had dropped down sixty-one pounds But I am still taking Tanlac and expect soon to tip the beam at one hundred and fifty-eight, my weight before my trouble began. I began suffering from stomach trouble and getting into a run down condition five years ago, when my appetite went back on me. I lost all desire for food and everything I did eat caused nausea I had to give up my coffee and many other things I like best, as I could not retain them, and the only thing that half way agreed with me was fruits. There were terrible pains in my right side, which would almost cramp me double two or three times a week. I became uneasy, fearing appendicitis, and no one seemed to understand my case or do me any good. I just kept suffering and losing weight until it looked like I would shrink up to nothing.

My condition had become noticeable to all who knew me, and while talking over my case with a friend one day he asked me why I didn't try Tanlac. Well, this put me to thinking there might be something in Tanlac for me, and there certainly was, for I have already picked up forty pounds and my old-time strenght and energy have com back to me. I hadn't finished my first bottle until the pains, which I feared were caused by appendicitus, had disappeared. I can drink my coffe now and eat just anything I want and never have the least trouble with my stomach. So you can see why I'm so strong for Tanlac. It has made life worth living for me and I feel like I ought to pass the good word along."

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colley, Conception Junction.

THE SPEAKERSHIP AND THE BEEFSTEAK.

(By W. C. Van Cleve.)

An interesting complication has been injected into the race for the speakership of the House in the next Congress. What seemed to be a foregone conclusion has been suddenly clouded by a littele incident that serves to show the insecurity of political fortunes, however well earned. It is all because of a beefsteak.

The one outstanding horse in this race, based on past performances, as the track followers would say, is James R. Mann of Illinois. Mr. Mann comes from the city of Chicago and since the democrats have controlled the House of Representatives, has been the minority or republican leader. He is a man of ability, clear headed generally, and by all odds the best parliamentarian on either side of the House. He is one of the few men in Congress who are able to grasp and see through the intricate maze of parliamentary tangles. He is a glutton for detail, a stickler for regularity and orderly procedure, and knows more of the little things of the House than any man there in recent years. From the simple standpoint of parliamentary fitness and equipment, he is in a class by himself so far as the membership of the next House is concerned.

But Mr. Mann, like other men, has some political weaknesses. He is an intense man, a cold blooded man. He indulges very little in foolishness or social amenities. He wastes no time telling stories or recounting personal exploits. He wastes no smiles or soft talk where smiles are not due. When he is attending to business, he thinks, talks and acts only business. When he finishes his day's work, he goes to bed and sleeps. When this fails to recouperate his failing energy, he takes a short vacation, not at the seashore, not in the mountains, but in his little backyard garden in Chicago. He shuts himself in, forgets his business for the time and hoes and rests as industriously as he has worked.

By this means he is enabled to do a tremendous amount of work and to become a power on the floor of the House, but he hasn't the warm sympathy and personal devotion among his fellows that the man has who works less and entertains more. Jim Mann, as minority leader, is a strict disciplinarian and herein lies another tale. He appoints few lieutenants and shares responsibilities scantily. He assumes such are coming to him without evasion. He doesn't try to save himself and he doesn't save others, not even his friends. At some time in his position as minority leader, he has had occasion to discipline many of his party friends. He has felt impelled to oppose many of their bills, schemes and ambitions in which he saw no merit. The result is but natural. He lacks the enthusiastic support so needful in political emergencies. His fellows admire his ability, they applaud his courage, some of them fear him, but many of them carry in their hearts some little grudge because of some real or imaginary grievance or slight and would welcome an excuse to even up matters.

Herein is where the beef comes handy. The men who have served with Mann longest and have known him best, have implicit faith in his honesty of purpose and integrity of action. But during a recent investigation, the fact was developed that an employee of one of the big packing houses in Chicago, who was a personal friend, gave him a choice cut of beef worth three or four dollars and an old horse of doubtful value. Nobody believes Mann's course could be influenced by a cut of beef nor by a whole beef, but his opponents were quick to see their opportunity and the beefsteak assumed amazing importance. Activity among the camps of other favorite sons became suddenly active. New names were presented, combinations began to be formed and, unless Mr. Mann finds a way to counteract the poison, he may lose the greatest prize in the House, the Speakership.

The case is also interesting from other angles. Mr. Mann belongs to the conservative or reactionary wing of his party, which is just now very much in the minority. He has one opponent for the Speakership in the person of Representative Gillett of Massachusetts, also conservative. The progressives are endeavoring, by bringing out several candidates, to draw enough votes from the leading candidates to leave them with the balance of power, but how they figure to get any benefit from a break from either Mann or Gillett to them is not explained. Their real hope perhaps is to accomplish the defeat of Mann and in this they may succeed. Mr. Mann is not in favor of an extra session of Congress and it is likely that a postponement of a showdown until next December would accrue to his benefit in the Speakership race.

The democrats are looking on with complacency as the clouds gather. They are taking front seats in the grandstand and will watch the race from the "go" to the finish with undisguised interest.

Forum-ettes

It is said that there are 2,100 $1,000 bills in this country. We don't believe it. This cipher juggling business is going a bit too far.

When everything seems to be getting along fine and trouble everywhere is on the wane, the safest bet you can make is that Russia will come along with a new variety.

From studying the pictures of the Bolshevists we see in the papers we wonder how they ever manage to get their shirts on over their whiskers.

The returning boys think they had hell "over there," but just let them wait until they get home and have to sit and listen to the "spouters" who will "deliver the welcoming address."

A Carthage, Mo., woman weighing 310 pounds and a little man weighing but 122 pounds were united in marriage there last Sunday. And yet the preachers persist in telling us that "marriage is a solemn ceremony." If one could witness a marriage like that and hear the bride promise to "obey" that little shrimp, and not laugh, he is ready for the undertaker.

HOW TO SAVE ON SHOES

"Out of curiosity I tried a pair of Neōlin Soles," writes W. P. Macartney of St. Louis, "and today, after five months of hard service I fail to notice any real signs of wear on them."

This statement points the way to real economy in shoes. What your shoes cost, by the year, depends largely on how the soles wear and Neōlin Soles do wear a very long time. Moreover, they are exceedingly comfortable and waterproof—scientifically made to be exactly what soles should be and so worn now by millions.

They are available everywhere on new shoes and for re-soling. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

IN GERMAN HOTEL.

Jack Worwag, with Occupation Army, Writes Former Employer.

Harvey L. Haines has received the following letter from his former clerk, John Worwag, who left selling dry goods to join the fighting Yanks:

Somewhere in Europe, Dec. 18.

Dear Mr. Haines: Well, this finds me in Germany—and believe me, I have had a world of experiences since I last saw you. I had a trifle of bad luck the last few days of the big drive and had to go to the hospital but am feeling fine again. I have seen a great deal of parts of Europe. When I started from Funston, I went through Canada, then across the Atlantic, England, France, Belgium, Luxemburg and now Germany. Was real close to Coblenz, Germany, but have moved again and at present am billeted in a German hotel and these Dutch sure can string their lingo. There is a bar in the hotel and you know the rest. How is the bunch? It is snowing here today for the first time bu I do not have to go out of doors now only for my meals; but I sure did some living out when we were on the drives.

I suppose Maryville went wild when the people learned the big show was over. We could hardly realize it here when the big guns stopped coughing. Mr. Haines, I want to thank you many times for the draft you sent me for Christmas. I certainly appreciate it very much but instead of spending it in gay Paree, may I spend it in Berlin? It sure was very dear and thoughtful of you to remember me when I am so far away. I enjoyed the letter very much, too. I received a snap shot of the Haines Bunch at Sabetha, which my sister sent me. I also read in the paper about what you saw while in New York. I took New York in and every privilege I had while there to see different places. * * * .To you and the bunch I am sending my love and good wishes. Thanking yan again for my Christmas gift—you dont know how good it made me feel—I remain,

Yours Sincerely,
JOHN MARION WORWAG,

GERMAN GIRLS LOOK GOOD.

Wade Ross Writes They Are Pretty and Clean—Hopes to be Home Soon.

In aletter to a friend Wade H. Ross, with the American army of occupation writes from Germany under date of December 22, as follows:

Somewhere in Germany.

Dear Friend Marna: I wrote you about three weeks ago and sent you a handkerchief. It is just three days from Xmas and I am six thousand miles from home.

Your letter was written on November 12 and I got it December 20. We have been hiking for about a month but we have settled in a town of about 1500 population and I am sitting in a German parlor writing this letter. The people treat us fine; they are glad to see us.

The sun is shining today. We have had no snow or very cold weather over here yet. I got about thirty or forty papers you sent; sure was glad to get them. I haven't seen anybody I knew only Ralph Folden of Quitman and Charlie Hoshor who lives south of Maryville. The church bells are ringing now; these people are sure religious; they go to church about five times a day.

Talk about a noise when we heard the war was over! We had just got back from the front and we were going back that morning but didn't have to go when they signed the amistice, and when the captain told us we sure made a noise. No chance of me bringing a French girl; they are too dirty, but these German girls look good to me; they are pretty and clean.

Well, Morna, tell your dad I will soon be back, I think anyway by spring. I saw a letter in one of those papers that Lehan Hansen wrote. He was in the same company with me when he wrote, but he got wounded the last time we were on the front. Ask you dad if he knew Frank Montray that lives northeast of St. Joe. One of his boys was with me and he got wounded the last time we were on the front.

DAILY HEALTH TALKS

The Troubles Women Have

BY L. MAC LEAN, M. D.

Probably no man in America was ever better qualified to successfully treat the diseases peculiar to women than Dr. Pierce, of Buffalo, N. Y. The cases that come to him run into many thousands, giving him an experience that rarely comes to any one man. Dr. Pierce found that in nearly every case there were certain vegetable growths which rarely failed to give prompt relief in those feminine disorders from which so many women suffer. He combined these roots and herbs into a temperance medicine that he called Dr. Pierce's Favorite Prescription, for that is precisely what it was. This medicine is sold in both liquid and tablet form by druggists everywhere. Favorite Prescription is a distinct remedy for women and acts directly upon the organs that characterize the sex. It is not necessary to take a long course of treatment with this standard medicine. A weakly, sickly, backachy, headachy, nervous, despondent woman, with regular or irregular pains—with feminine disorders that come in youth or middle age—is pretty sure to find in Dr. Pierce's Favorite Prescription the exact remedy that her condition calls for, and to find it after a very few doses are taken. Why women should allow themselves to stay sick when a very little money spent for this remedy will probably make them well, is something no one can explain.

All women who suffer from feminine disorders are invited to write the Faculty of the Invalids' Hotel, Buffalo, N. Y., for free confidential consultation and advice, no charge being made for this high professional service. This will enable every woman to benefit by the advice of the distinguished corps of physicians which Dr. Pierce has gathered about him in his celebrated Buffalo institution.

When constipation is present with feminine disorders, Dr. Pierce's Pleasant Pellets should be taken along with Favorite Prescription. Try them now!

HEROES' ROLL

67 STARS ARE ON CHRISTIAN CHURCH SERVICE FLAG

ONE HAS TURNED TO GOLD

Feature of Dedication Service Last Nigth Was Responses of Parents and Friends.

Sixty-seven stars with one turned to gold are on the new service flag of the First Christian church.

A beautiful new emblem, presented by the women of the church, was dedicated by the congregation at last night's service with an appropriate program. Patriotic songs, and numbers by Mrs. Gretchen Myers Coen and Mr. H. J. Becker were features of the service.

The most interesting part of the dedication was responses by parents and friends of those in service and in several instances by the men themselves. The roll call was a brief summary of service, together with the present location of those still remaining. One response that brought applause came when Mrs. Nancy J. Sells answered for her son Bryan Sells. Bryan, one of Maryville's youngest soldiers, has seen ten months continuous service in the front line trenches and is now in an eastern camp.

A number of responses gave information of wounded men in hospitals in France and America. A golden star in the center of the flag is in memory of the only member who made the supreme safrifice—Ellison Frank, son of Mr. and Mrs. J. D. Frank, whose death occurred at Waco, Texas.

Before the dedication of the new flag an audience that filled the auditorium heard the farewell address of Rev. Emerson Miller who leaves this week to take the pastorate of the First Christian church at St. Louis.

The new flag bears the names of the following men of the congregation who were in service:

James A. Anderson, Irwin D. Alkire, John W. Briscoe, Glen Brummitt, Edison Blagg, Frank D. Childress, E. E. Condon, Thomas Condon, Ernest Daniels, Jos. W. Carden, Thomas Culver, Perry Culver, Ben E. PAY OFF $6000 SCHOOL BONDS

$13,000 of Original Issue Remains to Be Paid—Final Payment in Two Years Planned.

The school board at a meeting held Saturday night paid off $6,000 of bonds of the original issue of $75,000 issued in 1908. The bonds were destroyed this morning. Only $13,000 remains to be paid and they have five years yet to run. The school board expects to have enough within two years to take these up if the bondholders will consent.

ONLY 42 LEFT IN HIS COMPANY.

Roy Yeaman, in Tank Corps, Writes From LePailly, France.

In a letter to his parents Roy A. Yeaman of Graham, now with the tank corps in France, writes from LePailly as follows:

"Everything is going fine, only the weather has taken a sudden change and the ground is covered with about four inches of snow and the mercury is down to zero. I never told you what kind of a place we had to live in. We were in a camp called Camp Chamberlain—we called it Camp Mud. They built barracks in the middle of a big plowed field located in a valley between two big hills; the mud when we left there was half knee deep. We were moved out not long ago to our present quarters which are in a large roomy hay loft that was built in Napoleon's time. There are plenty of cracks in the floor, but, thank God, the roof nor sides dont leak, for the building is of slate and stone. My partner and I have a feather bed made of hay raked up in a pile about a foot thick; no fire near nor none allowed in the quarters; we have to sleep with windows and doors open all night. But we have plenty of blankets—six of them—and we sleep warm. Dont know how long we will be here but expect by the time this reaches you we will be on our way somewhere—it may be for the States and it may be Germany. Here's hoping it is the former, for I am getting tired of this stuff. We do practically nothing as there are only forty-two left in the company, the others being either in the hospital, the grave, or have been sent to other parts. I cant understand why I have not received my Chrstmas boxes or any more letters than I have—guess I am out of luck on everything—even the pay roll passed me by again this month. I guess all the boys in the state camps are at home by this time taking it easy; they dont know what a hard life in the army means. After they are over a little while they realize that camp life in the States is heaven. If Ross ever gets back he can tell you some of the terrors of France. I can tell you enough, but he had it on me about six or seven months, also about the famous doings of the pest camps and the Y. M. C. A. You have read about them. Just wait until I get back and I will give you the straight dope on them.

We are only seven miles from the town of Langres where President Wilson received 10,000 troops on Christmas day. I was in the parade and got to see our chief executive; we drove in five ton work trucks. Tell grandma I am coming home with more war tales than were ever told about the Civil war.

December 29.—I received a Christmas box yesterday from Kansas City. They sent a fountain pen, a comfort kit and some candy. Haven't received your package yet. We are going up close to the front to bring back some trucks and supplies. I may get to see quite a bit of this country. A little bit of this kind of life is all right, but too much gets monotonous, and I've had a plenty. Charley Hoshor is about as anxious to get home as any one.

Cared for Town Clock Fifty Years.

In Bucyrus, Ohio, care of the town clock recently passed out of the hands of the Kehrer family, which has had it for more than fifty years, when George J. Kehrer, Jr., was taken ill and had to delegate his task to the courthouse janitor.

About twenty years ago the elder Kehrer died, after tending the clock for thirty years, and the clock stopped. For a month a stranger struggled with it, but it would not run more than forty-eight hours consecutively. Then the son took the care of it and ever since the townspeople have set their watches by it.

Mr. and Mrs. Robert Shelton were in the city Friday and left over the Burlington for Wray, Colo., where they expect to make their home in the future.

A CALL TO ACTION

REV. MILLER, IN FAREWELL SERMON POINTS OPPORTUNITY

THE CHURCH MUST SERVE

Returning Soldiers Will Not Be Content With Present Programs, Pastor Points Out.

"The main object of this church and other churches is to go out and drag people in, in order that a larger budget may be had for the next year and that a larger membership may be had. What would be more to their advantage would be to drag out a few members that the church might enter into the things that Christ has taught us are the things worth while, instead of being satisfied with things as they are." This was the statement last night of Rev. C. Emerson Miller, pastor of the First Christian church, in his farewell sermon, prior to going to St. Louis where he has accepted the pastorate of the First Christian church there. A crowd that filled the auditorium heard his sermon on "Service." Mr. Miller said in part:

"I am glad to have had the honor and privilege of dedicating that service flag. I am glad they called it 'service.' As our men have learned what service means, so the church must learn it. It must get a broader vision of the immediate future. What are the churches of Maryville planning—anything worth while?

The men we have sent to service and who have been through hell itself are coming back with a clearer idea of what sacrifice means and will demand bigger and better things. They will not be satisfied to come and hear your psalm singing. They will not be content with your five cent programs.

"The church must awake to the things that are going to be the big things of the future, and of the opportunity for service—not the kind of service that has characterized it in the past but of service for the community.

"Don't delude yourself with the idea that attendance at church and paying what you are called on to pay, and being good will gain you admittance through the pearly gates. Christ taught that service—sacrifice—was an essential, and unless you have done these you may hear the words: 'Depart from me, I know ye not.'

"Are we so soon to forget the price that has been paid for victory? Are we going to be satisfied, now that the struggle is over? The churches of Maryville should get together and work together for a memorial that will typify the heroic deeds of our boys and that will be a center of community interest and work in which all may have a part and take a pride. We must sacrifice our old self-satisfied feeling and plan a program of service that will make the church what Christ intended and taught it should be."

EX-KAISER STILL HAS HOPES

Celebration of Former Emperor's Birthday Brings Announcement He Will Return to Potsdam.

London, Jan. 27.—Following a quiet celebration of the ex-Kaiser's sixtieth birthday at Amerongen castle, the former German emperor will return to Potsdam "as a result of the success of the ex-Kaiser's faithful few in the recent German elections," said an Amsterdam dispatch today. Speculation is rife as to whether the former Kaiserin, who still cherishes hopes that her eldest grandson may resume imperial crown, is returning as the ex-Kaiser's courier to tell the "faithful few" not to despair for the Hohenzollerns as the "body is not dead even if the head has been sacrificed," the dispatch added. It is pointed out that the ex-Kaiserin is a keen politician but probably one of the worst advisers the former emperor ever had. The ex-Kaiser was born January 27, 1859.

IN THE EARLY DAYS

FIRST M.E. CONGREGATION HEARS INTERESTING LETTER

C. H. STOCKING WRITES

Church's First Pastor Recalls Events of Fifty Years Ago When There Were But 41 Members.

An interesting service at the First M. E. church yesterday morning included the reading of a letter from Chas. H. Stocking, D. D., of Wickliffe, Ohio, the church's first pastor fifty years ago, in which he gave some details of the early days not before published. The letter follows:

Wickliffe, O., Jan. 21, A. D. 1919.

Dear Brother Pastor: Just fifty years ago, January 22nd, A. D. 1869, the Methodist Episcopal church at Maryville was made a station, and your humble servant preached his first sermon in it as its pastor. There were forty-one members, and the church building was under a mortgage of $4000 owned by a saloon-keepe in the town. Also the trustees had borrowed an additional $2000 school money from the county. Serving them under the appointment of the Presiding Elder, the Rev. John T. Boyle, from January 22nd until the conference in March, I was re-appointed by Bishop Jaynes, and continued one year, during which time, aided by the circuit preacher, Brother Morton, the mortgage was lifted; also about one hundred members were added to the church.

From Maryville, in 1870, I was sent to the First church in St. Joseph to raise a mortgage of $10,000, under which that church building was being offered for sale. It was a great disappointment in being compelled to leave the good people of Maryville, but then and ever since I have felt in duty bound to take whatever work the authorities of the church under God called upon me to perform. I send you this communication, hoping that thru your kindness I may learn if any of the members of fifty years ago are still living there, or any of the people who knew me in those days. Please convey my hearty greetings to any such. Most cordially yours,

CHARLES H. STOCKING.

Preceding the sermon E. H. Houchens, one of the minute men of the Centernary Movement campaign, gave a splendid address in which the reason for the movement was shown and the need of support pointed out.

Granted First Papers.

Lewis Kuretsky was today granted his first naturalization papers before Judge Dawson in circuit court. Kuretsky's application yesterday was denied because of lack of valid statement of intention.

David Druskin was also granted first paper. Both men are natives of Vilna, Russia.

18 AMERICAN SOLDIERS KILLED.

Paris, Jan. 25.—Eighteen American soldiers were killed and thirty were injured when an American troop train from Neufchateau collided with a freight train at Manoirs station. Heavy damage was done to the railroad right of way and to the cars. The government requisitioned all the Paris subways, tramways and business today on account of a strike.

Mr. and Mrs. G. F. Clements, south of Maryville, announce the birth of a son, born Sunday morning.

IN CIRCUIT COURT

CHANGE OF VENUE GRANTED IN TWO CRIMINAL CASES

BENGE BOOZE CASE UP

Judge Dawson Withholds Decision—Everett Gunn Pleads Guilty to Larceny and Gets Sentence.

After several attempts to secure trial in cases set for hearing with witnesses being sick in some and changes of venue being asked for in others, little was accomplished in circuit court today.

In the case of the State against Mark Adkins, charged with arson, Judge Dawson was disqualified as trial judge and court clerk H. G. Westfall was instructed to communicate with Judge Arch Davis of Chillicothe to see if his services could be secured.

In the case of the state against Clint Hewitt, charged with the larceny of two hogs, a change of venue was also asked. Whoever may be secured to hear the Adkins case will also hear the Hewitt case.

Everett Gunn, a negro, pleaded guilty to stealing several bushels of corn from J. B. Robinson and was sentenced to serve six months in jail and to pay a fine of $100.

In the case of the state against Frank Benge, charged with violation of the local option law, Judge Dawson announced he would withhold a decision until fuller interpretation of the law might be had. Benge, who is a tenant on the farm of Mike McGettigan north of the city, was arrested by sheriff Dowden last fall charged with having liquor stored on the premises. The booze—some five or six hundred pints, was taken by the sheriff and is now in the vault in his office. Barge's attorney, in presenting the case, together with what evidence was at hand, argued that as the booze was left on the premises without the knowledge or consent of the plaintiff and that he was not liable under the information.

COMMITTED SUICIDE

EDW. FLEMING OF HOPKINS CUTS THOAT WITH KNIFE

DEATH CAME QUICKLY

Young Teamster Is Survived by His Mother and Three Brothers—Funeral Tuesday Afternoon.

Edward Fleming, thirty-six years old, son of Mrs Martha J. Fleming of Hopkins, killed himself this morning about 8:30 o'clock at his mother's home, cutting his throat with a pocket knife, completely severing the juglar vein. Young Fleming who was a teamster, after eating his breakfast, returned to his room and shortly after his mother heard a stifled groan and heard a sound as of a falling body. She rushed up stairs to find her son lying on the floor—life extinct.

Fleming had made suggestions yesterday hinting he would take his life but his mother did not think much about it at that time. He had been a drinking man.

He is survived by his mother and three brothers, C. F. Fleming of Hopkins, and Halleck and Will Fleming of Blanchard, Ia. Funeral services will be held tomorrow afternoon at the home.

Dr. F. C. Wallis, acting coroner, was called to Hopkins to hold an inquest.

TO RESTRICT IMMIGRATION.

Washington, Jan. 25.—By a vote of nine to four the House Immigration committee this afternoon reported a bill providing for the restriction of immigration to this country for a period of four years after its passage.

HAD SECOND LARGEST ARMY.

Washington, Jan. 25.—America had the second largest army of the Allies on the western front at the time the armistice was signed, General March announced today. The military situation and the actual machinery of demobilization necessitates the retention in service for the present of a considerable number of men, General March stated, relative to the prospect of immediate demobilization.

ROOSEVELT'S FAMOUS RIDE

Travelled 98 Miles on Horseback in 17 Hours to Prove to Critics He Was Fit.

Knoxville, Tenn., Jan. 25.—The story of how Roosevelt rode ninety-eight miles on horseback in seventeen hours ten years ago this month is related by a friend here. The last thirty miles of the journey were made in sleet and rain. When Roosevelt reached the White House his coat and hat were covered with frozen sleet. Four relays of horses were used on the trip, the first and last stages of the journey being made by the President on "Roswell," one of his favorite chargers. President Roosevelt said upon his return that the trip was made to "prove to critics who have found fault with the recent order requiring army and navy officers to take a physical examination that if a President, who is not in training, can ride ninety miles plus in one day, without being put to bed thereby, it is not too much to expect of men who are supposed to be in the best of physical training all the time to ride ninety miles in there days," in less than an hour after his arrival at the White House. Mr. Roosevelt had changed his clothing and appeared in the dining room ready for a hearty meal.

GAME WITH MIDLAND

ATCHISON, KAN., FIVE PLAY THE BEARCATS TOMORROW NIGHT

ANOTHER STAR IS BACK

Cleo (Bill) Richards, Just Out of Navy Will Be on the Firing Line Again Coach Sims Recovering.

Midland College of Atchison, Kansas, will be the opponents of the Normal Bearcats in a basketball game scheduled for tomorrow night. This date was originally held by the Springfield Normal, but that school has canceled its northern swing around the circuit and Midland was secured to fill the vacancy. It will be a non-conference game.

One by one the Normal regulars are returning to school after service in the army or navy. In addition to Miller and McMahon, who were discharged from the S. A. T. C. at the start of the season, and Scarlet, released from the navy last week, the team will have another of last year's stars in Cleo (Bill) Richards, of Guilford, who has just been released from the navy, enrolling in school today.

Richards was recognized as one of the best guards in the conference last year. He is in good condition and will probably be used in the game with Midland tomorrow night.

While in the navy Richards played tackle on the football team of the U. S. S. Indiana, an eleven which at the close of the season was thought to be the best in the fleet.

Placing Richards at his old position of guard further increases the competition for places on the Normal five. Based on previous showing, Miller, Scarlet and Richards may be regarded as fixtures, leaving McMahon, Ham, Egley, Summers, Pickens and others to fight it out for the remaining two positions.

McMahon, a sensation last year, has been badly off form this season, due to poor health and a broken ankle sustained while in the service. He is now at his home at Fairfax and will not be able to play tomorrow night.

Coach Sims, who has been ill with scarlet fever, has recovered, but is still quarantined at his home.

George Palfreyman will referee the game, which will be called at 8:15.

Raymond Lahr Back in States.

Mrs. Mike Lahr received word Sunday that her son, Raymond Lahr, had arrived in New York that day from France. He expects to be at Camp Dodge in ten days. Raymond has been connected with the 88th division of the Medical Detachment, 339th field artillery.

Claims Stability and Seeks Place at Peace Table—Clemenceau Names Important Committees

Paris, Jan. 27.—The supreme interallied war council met again today. At the same time representatives of upwards of a score of smaller powers met to select their representatives on the league of nation commission. Various conference committees appeared Saturday and held their first meetings to begin working out details of various problems. The "Big Five" took up consideration of Germany's colonies this afternoon. For the first time during the morning, the supreme council discussed Poland and a number of problems in connection with that country's interests.

Berlin, Jan. 23 (delayed)—The foreign office is greatly interested in press dispatches from Paris today saying that Germany and Russia are only to be admitted to the league of nations when their political situations have reached stability.

Paris, Jan. 27.—Premier Clemenceau has announced the following committees of the Peace Congress to conduct inquiries and make reports on particular features of the work to be done by the congress:

STOMACH UPSET?

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

(Note:—Please report or send all news of Red Cross Activities to the editor of this column)

Discharged sailors and soldiers will receive literature of interest by applying to Miss Bettie Turner, executive secretary of the Home Service Section.

There was shipped to the Bureau of Supplies this week 512 sweaters, 68 pairs writlets, 2 helmets, 15 scarfs, 363 pairs socks, making a total of 960 knitted articles.

Also 150 day shirts for hospital use, 90 hospital suits, 33 quilts, 3921 miscellaneous articles, making a total of 4194 articles.

The chapter has shipped to the branches their allotment of Refugee garments which we hope thy will finish at a very early date, as there garments are very much needed. The county's quota is 620. Speed your work.

Graves of American boys in France are being cared for by American girl workers with the American Red Cross. Recently 700 groves at Toul were covered with sheaves of flowers and oak leaves,—wrought by the hands of American girls, and 1,000 more back of the Lorraine front were likewise decorated.

Paris is to have an American Red Cross chapter during peace times. Announcement has just been made here of the creation of a permanent Paris chapter—the first American Red Cross chapter to be established in continental Europe. The American Ambassador to France will be ex-officio president of the chapter.

Red Cross workers at the 700 Canteens that flank the railroad lines of the country from coast to coast are seeing to it that the homeward-bound heroes lack for nothing in the way of comforts and refreshments.

Explaining the Service Stripes.

Some misunderstanding has arisen in regard to the service stripes on the badges for women. The badge with the plain blue ribbon represents six months' continuous service with a minimum of 800 hours. The badge with a ribbon with one stripe represents two units of six month's service with a minimum of 1,600 hours; that with two stripes represents three units of six months' service with a minimum of 2,400 hours. As this service is to be computed only from the date of America's entrance into the war, April 6th, 1917, it is impossible for anyone to receive more than two stripes.

Nursing Survey Reports.

Are you preparing for the fight against disease? That is the next fight. It will need nurses. Have you any? Your Nursing Survey report will show us where they are and whether or not they are able to actively engage in this struggle. If you have none you will have to import them, because the Red Cross in your community is going to buckle on its armor for this health crusade and it will need able leaders to enter the lists against the foe.

To date, of our 650 chapters 275 have failed to register any interest whatever in their nursing resources; 110 chapters have completed their survey. Of these 43 had no registrants. Are you interested in saving human life? Finish your survey.

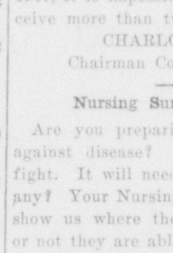
MRS. MAY COULD NOT WORK

Made Well and Strong by Lydia E. Pinkham's Vegetable Compound.

Columbia, Pa.—"I was very weak and run down and had dragging-down pains and pains in my back. I could not get around to do my work and had to sit down and rest often during theday. I saw Lydia E. Pinkham's Vegetable Compound advertised in the papers and read the testimonials, so I thought I would try it. Now I am healthier than I ever was in my life, and can recommend it to any woman who suffers as I did." —Mrs. ELIZABETH MAY, R.F.D. No. 1, Columbia, Pa.



The reason Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and the letters which we are constantly publishing from women in every section of this country prove beyond question the merit of this famous root and herb medicine.

Lawless Says He Was Nearly Down Down and Out When He Began Taking Tanlac.

"When I first began taking Tanlac I only weighed ninety-seven pounds and was just about down and out," said O. D. Lawless, the well known Omaha, Neb., produce merchant, residing at 604 South 28th street, recently, "but I now weigh one hundred and thirty-seven, and so far as my health is concerned, I couldn't ask to feel much better.

"I have not gotten all my lost weight back yet," he continued, "for I had dropped down sixty-one pounds But I am still taking Tanlac and expect soon to tip the beam at one hundred and fifty-eight, my weight before my trouble began. I began suffering from stomach trouble and getting into a run down condition five years ago, when my appetite went back on me. I lost all desire for food and everything I did eat caused nausea I had to give up my coffee and many other things I like best, as I could not retain them, and the only thing that half way agreed with me was fruits. There were terrible pains in my right side, which would almost cramp me double two or three times a week. I became uneasy, fearing appendicitis, and no one seemed to understand my case or do me any good. I just kept suffering and losing weight until it looked like I would shrink up to nothing.

My condition had become noticeable to all who knew me, and while talking over my case with a friend one day he asked me why I didn't try Tanlac. Well, this put me to thinking there might be something in Tanlac for me, and there certainly was, for I have already picked up forty pounds and my old-time strenght and energy have com back to me. I hadn't finished my first bottle until the pains, which I feared were caused by appendicitus, had disappeared. I can drink my coffe now and eat just anything I want and never have the least trouble with my stomach. So you can see why I'm so strong for Tanlac. It has made life worth living for me and I feel like I ought to pass the good word along."

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colley, Conception Junction.

THE SPEAKERSHIP AND THE BEEFSTEAK.

(By W. C. Van Cleve.)

An interesting complication has been injected into the race for the speakership of the House in the next Congress. What seemed to be a foregone conclusion has been suddenly clouded by a littele incident that serves to show the insecurity of political fortunes, however well earned. It is all because of a beefsteak.

The one outstanding horse in this race, based on past performances, as the track followers would say, is James R. Mann of Illinois. Mr. Mann comes from the city of Chicago and since the democrats have controlled the House of Representatives, has been the minority or republican leader. He is a man of ability, clear headed generally, and by all odds the best parliamentarian on either side of the House. He is one of the few men in Congress who are able to grasp and see through the intricate maze of parliamentary tangles. He is a glutton for detail, a stickler for regularity and orderly procedure, and knows more of the little things of the House than any man there in recent years. From the simple standpoint of parliamentary fitness and equipment, he is in a class by himself so far as the membership of the next House is concerned.

But Mr. Mann, like other men, has some political weaknesses. He is an intense man, a cold blooded man. He indulges very little in foolishness or social amenities. He wastes no time telling stories or recounting personal exploits. He wastes no smiles or soft talk where smiles are not due. When he is attending to business, he thinks, talks and acts only business. When he finishes his day's work, he goes to bed and sleeps. When this fails to recuperate his failing energy, he takes a short vacation, not at the seashore, not in the mountains, but in his little backyard garden in Chicago. He shuts himself in, forgets his business for the time and hoes and rests as industriously as he has worked.

By this means he is enabled to do a tremendous amount of work and to become a power on the floor of the House, but he hasn't the warm sympathy and personal devotion among his fellows that the man has who works less and entertains more. Jim Mann, as minority leader, is a strict disciplinarian and herein lies another tale. He appoints few lieutenants and shares responsibilities scantily. He assumes such are coming to him without evasion. He doesn't try to save himself and he doesn't save others, not even his friends. At some time in his position as minority leader, he has had occasion to discipline many of his party friends. He has felt impelled to oppose many of their bills, schemes and ambitions in which he saw no merit. The result is but natural. He lacks the enthusiastic support so needful in political emergencies. His fellows admire his ability, they applaud his courage, some of them fear him, but many of them carry in their hearts some little grudge because of some real or imaginary grievance or slight and would welcome an excuse to even up matters.

Herein is where the beef comes handy. The men who have served with Mann longest and have known him best, have implicit faith in his honesty of purpose and integrity of action. But during a recent investigation, the fact was developed that an employee of one of the big packing houses in Chicago, who was a personal friend, gave him a choice cut of beef worth three or four dollars and an old horse of doubtful value. Nobody believes Mann's course could be influenced by a cut of beef nor by a whole beef, but his opponents were quick to see their opportunity and the beefsteak assumed amazing importance. Activity among the camps of other favorite sons became suddenly active. New names were presented, combinations began to be formed and, unless Mr. Mann finds a way to counteract the poison, he may lose the greatest prize in the House, the Speakership.

The case is also interesting from other angles. Mr. Mann belongs to the conservative or reactionary wing of his party, which is just now very much in the minority. He has one opponent for the Speakership in the person of Representative Gillett of Massachusetts, also conservative. The progressives are endeavoring, by bringing out several candidates, to draw enough votes from the leading candidates to leave them with the balance of power, but how they figure to get any benefit from a break from either Mann or Gillett to them is not explained. Their real hope perhaps is to accomplish the defeat of Mann and in this they may succeed. Mr. Mann is not in favor of an extra session of Congress and it is likely that a postponement of a showdown until next December would accrue to his benefit in the Speakership race.

The democrats are looking on with complacency as the clouds gather. They are taking front seats in the grandstand and will watch the race from the "go" to the finish with undisguised interest.

It is said that there are 2,100 $1,000 bills in this country. We don't believe it. This cipher juggling business is going a bit too far.

From studying the pictures of the Bolshevists we see in the papers we wonder how they ever manage to get their shirts on over their whiskers.

The returning boys think they had hell "over there," but just let them wait until they get home and have to sit and listen to the "spouters" who will "deliver the welcoming address."

HOW TO SAVE ON SHOES

"Out of curiosity I tried a pair of Neolin Soles," writes W. P. Macartney of St. Louis, "and today, after five months of hard service I fail to notice any real signs of wear on them."

This statement points the way to real economy in shoes. What your shoes cost, by the year, depends largely on how the soles wear and Neolin Soles do wear a very long time. Moreover, they are exceedingly comfortable and waterproof—scientifically made to be exactly what soles should be and so worn now by millions.

They are available everywhere on new shoes and for re-soling. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

IN GERMAN HOTEL.

Jack Worwag, with Occupation Army, Writes Former Employer.

Harvey L. Haines has received the following letter from his former clerk, John Worwag, who left selling dry goods to join the fighting Yanks:

Somewhere in Europe, Dec. 18.

Dear Mr. Haines: Well, this finds me in Germany—and believe me, I have had a world of experiences since I last saw you. I had a trifle of bad luck the last few days of the big drive and had to go to the hospital but am feeling fine again. I have seen a great deal of parts of Europe. When I started from Funston, I went through Canada, then across the Atlantic, England, France, Belgium, Luxemburg and now Germany. Was real close to Coblenz, Germany, but have moved again and at present am billeted in a German hotel and these Dutch sure can string their lingo. There is a bar in the hotel and you know the rest. How is the bunch? It is snowing here today for the first time bu I do not have to go out of doors now only for my meals; but I sure did some living out when we were on the drives.

I suppose Maryville went wild when the people learned the big show was over. We could hardly realize it here when the big guns stopped coughing. Mr. Haines, I want to thank you many times for the draft you sent me for Christmas. I certainly appreciate it very much but instead of spending it in gay Paree, may I spend it in Berlin? It sure was very dear and thoughtful of you to remember me when I am so far away. I enjoyed the letter very much, too. I received a snap shot of the Haines Bunch at Sabetha, which my sister sent me. I also read in the paper about what you saw while in New York. I took New York in and every privilege I had while there to see different places. * * * To you and the bunch I am sending my love and good wishes. Thanking yan again for my Christmas gift—you dont know how good it made me feel—I remain,

Yours Sincerely,

GERMAN GIRLS LOOK GOOD.

Wade Ross Writes They Are Pretty and Clean—Hopes to be Home Soon.

In aletter to a friend Wade H. Ross, with the American army of occupation writes from Germany under date of December 22, as follows:

Somewhere in Germany.

Dear Friend Marna: I wrote you about three weeks ago and sent you a handkerchief. It is just three days from Xmas and I am six thousand miles from home.

Your letter was written on November 12 and I got it December 20. We have been hiking for about a month but we have settled in a town of about 1500 population and I am sitting in a German parlor writing this letter. The people treat us fine; they are glad to see us.

The sun is shining today. We have had no snow or very cold weather over here yet. I got about thirty or forty papers you sent; sure was glad to get them. I haven't seen anybody I knew only Ralph Folden of Quitman and Charlie Hoshor who lives south of Maryville. The church bells are ringing now; these people are sure religious; they go to church about five times a day.

Talk about a noise when we heard the war was over! We had just got back from the front and we were going back that morning but didn't have to go when they signed the amistice, and when the captain told us we sure made a noise. No chance of me bringing a French girl; they are too dirty, but these German girls look good to me; they are pretty and clean.

Well, Morna, tell your dad I will soon be back, I think anyway by spring. I saw a letter in one of those papers that Lehan Hansen wrote. He was in the same company with me when he wrote, but he got wounded the last time we were on the front. Ask you dad if he knew Frank Montray that lives northeast of St. Joe. One of his boys was with me and he got wounded the last time we were on the front.

DAILY HEALTH TALKS

The Troubles Women Have

BY L. MAC LEAN, M. D.

Probably no man in America was ever better qualified to successfully treat the diseases peculiar to women than Dr. Pierce, of Buffalo, N. Y. The cases that come to him run into many thousands, giving him an experience that rarely comes to any one man. Dr. Pierce found that in nearly every case there were certain vegetable growths which rarely failed to give prompt relief in those feminine disorders from which so many women suffer. He combined these roots and herbs into a temperance medicine that he called Dr. Pierce's Favorite Prescription, for that is precisely what it was. This medicine is sold in both liquid and tablet form by druggists everywhere. Favorite Prescription is a distinct remedy for women and acts directly upon the organs that characterize the sex. It is not necessary to take a long course of treatment with this standard medicine. A weakly, sickly, backachy, headachy, nervous, despondent woman, with regular or irregular pains—with feminine disorders that come in youth or middle age—is pretty sure to find in Dr. Pierce's Favorite Prescription the exact remedy that her condition calls for, and to find it after a very few doses are taken. Why women should allow themselves to stay sick when a very little money spent for this remedy will probably make them well, is something no one can explain.

All women who suffer from feminine disorders are invited to write the Faculty of the Invalids' Hotel, Buffalo, N.Y., for free confidential consultation and advice, no charge being made for this high professional service. This will enable every woman to benefit by the advice of the distinguished corps of physicians which Dr. Pierce has gathered about him in his celebrated Buffalo institution.

When constipation is present with feminine disorders, Dr. Pierce's Pleasant Pellets should be taken along with Favorite Prescription. Try them now!
